## PROFILE

Hello, I'm Jonathan Conde, a Senior Motion Designer and 3D Artist originally from Colombia, now based in Sydney. With over a decade of experience in creative design, I specialize in motion graphics, 3D animation, and visual storytelling.

I began my journey in graphic design at 14, developed a passion for photography and 3D at 16, and built my first computer at 18. Over the years, I've honed my skills across a wide range of design and animation tools, always striving to stay at the forefront of creative technology.

I'm deeply passionate about innovation and spend my free time exploring new advancements in motion design. Whether you're looking for creative design solutions or just want to chat about animation, I'd love to connect.

## EDUCATION 02

2017-2025

### Online Courses & Certifications

Advanced Motion Graphics

2014-2019

### Autonoma University

Major in Graphic Design

## EXPERIENCE 03

2019 - Present

### Jconde

**Freelance**

I collaborate with agencies, animation studios, and media channels to create 3D animations, develop storyboards, craft style frames, and execute motion graphics projects. I also provide project estimates, ensuring clear communication and timely delivery of creative assets.

2024 - 09 - 012 - 4 Month Contract

### M&C Saatchi

**Freelance**

As a freelance motion designer, I support M&C Saatchi with 3D animation, ideation, and creative direction for a variety of campaigns. My role also involves collaborating on job estimates, storyboards, and style frames that communicate compelling messages through motion.

2021 - 2022

### FBI Talent Co.

**Freelance**

At FBI Talent Co., I worked with a variety of clients who needed support with motion design.

2021 - 2022

### Traffik

**Full-time**

At Traffik, I contributed to designing and creating storyboards and 3D assets for presentations and client projects. I also handled video editing for social media content and case studies while providing art direction for animation-driven campaigns.
